

FOR IMMEDIATE RELEASE  
12/01/2020

## **TILSON DELIVERS SUCCESSFUL VIRTUAL INTERNSHIP PROGRAM; OPENS APPLICATIONS FOR 2021 OPPORTUNITIES**

**PORTLAND, Maine (12/01/2020).** Tilson, a national network development and information infrastructure professional services firm, launched its summer 2021 internship program this week as it continues to invest in the development of its workforce and the next generation of industry leaders on mission to build America's information infrastructure. During the summer 2020 program, Tilson selected more 15 students from across the country to take part in its highly competitive 16-week program, conducted 100% remotely due to the pandemic. Of those 15 interns, nine students continued to work part-time at Tilson through the fall and four interns have accepted full-time positions at Tilson since last summer's program. The virtual program this year included increased engagement with teams and senior leadership through video discussions and live presentations to facilitate networking opportunities.

"The health and safety of our team is always our top priority at Tilson, and we are proud that we were able to provide a substantial and impactful virtual learning experience," said Joshua Broder, Tilson CEO. "With so many internship programs cancelled this year, I'm grateful to our mentors who stepped up to adapt our program and we look forward to another successful program next year."

Tilson will hire students in more than 10 locations across its core departments. As part of the program, interns are paired with industry mentors, work on real-time internal or client-facing projects, and gain on-the-job experience and knowledge tailored to the student's education, experience, and interests. Areas of interest include:

- Safety
- Engineering
- Wireless Construction (5G)
- Tower Construction (new and maintenance)
- Construction Management and Inspection
- OSP Engineering
- Project Management and Consulting
- Telecommunications
- Business Process
- Legal
- Finance and Accounting
- IT & Systems
- Marketing & Communications

Applications for both summer internship and Department of Defense SkillBridge internship opportunities are live on Tilson's website. During the application process, students should

indicate their preferred area of interest, Tilson location and reason for choosing Tilson. The summer 2021 application window opens on December 1, 2020 and will close on January 31, 2021. Application review will begin immediately.

**About Tilson:**

Tilson is on a mission to build America's information infrastructure. Recognized ten consecutive years on the Inc. 5000, Tilson provides network deployment and information system professional services to telecom, construction, utility and government clients. As a leading network design, build, and operating firm, Tilson builds high-performing technology project teams who take on the largest and most impactful information infrastructure projects in the country.
